Keaton,

I think your work to assist widows and the needy with home repair is a great great idea. This is a ministry I can support with my back, my time, and my prayers. However, I want to go as fast as you are comfortable so pull back if I get over zealous.

When Spring and warmer weather get here I think there will be more volunteers willing to help, but again, based on your need and I will let you drive what we do, when we plan to do it, and what skill will be needed, etc.

I just wanted to write and let you know that I will support you in this however you feel best. I do have some project management skills and mid-level handy-man skills so can help there as you see fit. Just let me know when you are ready and when you want help and I'll start getting resources together!!

Also, let me know if you can access the project list that I put out on the shared internet site here https://docs.google.com/document/d/1WmxPNFua3N93nkJkfSm2a2Rcyl-1_02maNsmnrxml4Q/edit? If you are able to access I would ask that you try and use this as the main document you use to update projects. Let me know if this will be problematic.

Thanks Brother - you are an encouragement!

MX Elders,

Something to quickly discuss at tomorrow's meeting is the home repair ministry that Keaton is trying to orchestrate. There is a list of projects Keaton will be working on noted at this link ... [MX WorkProjects](#) (this is a Google document so contact me if you are unable to access).

It would be great if we could help Keaton get some manpower to assist with some of these projects. Once Keaton is ready to start working on these we could put a note in the bulletin or ask the ACTS campus group or the MX Youth Group to assist.
