McKnight Crossings Church of Christ
2515 S McKnight Rd
St. Louis, MO 63124

To Members of the Search Committee,

I would be honored to be considered for the Sr. Minister position at McKnight Crossings. I was encouraged by a friend to reach out to you because of your great reputation.

My family and I desire a place where we can put down roots while serving God. We love serving the church together. I have also included my resume complete with an extensive listing of different ways I have served in the past. Before I went to school for ministry, I received a Bachelor degree in Information Systems and worked in information technology. I know what it looks like to serve while being a full-time minister, and I know what it is like to do so with another occupation. I feel I bring a grounded perspective having served in both capacities.

I look forward to talking with you, and I appreciate the time required for you to look over this information. Thank you for who you are to the community there, and thank you for considering me for this position in your church family.

Sincerely,

John Gunter
